- Warehouse
- Indoor
- Supermarket
- Commercial
- Retail

Electrical Data:

- **Input power:** Stays consistent over life
- **Input Voltage:** 120-277VAC
- **Operating Temperature:** -40°F ~ 104°F
- **CRI:** >90
- **L70 Lifetime:** ~50,000 hours

Controls:

- This LED fixture is equipped with a 0-10V dimming driver that works universally with any standard 0-10V control or dimmer.
- This product can be equipped with a motion sensor.
- Emergency backup option is available in event of a power outage.

Optical System:

- A unique combination of reflective & refractive optical components achieves a uniform, comfortable look while eliminating pixelation & color fringing.
- Parts work in unison to optimize light distribution, balancing the high delivery of high illuminance levels on horizontal surfaces with an ideal amount of light on walls and vertical surfaces, increasing perception of spaciousness.
