Applications:

- Residential
- Indoor
- Bathrooms
- Commercial
- Retail

Electrical Data:

- Input power:** Stays consistent over life
- Input Voltage:** 120-277VAC
- Operating Temperature:** -4°F ~ 104°F
- CRI:** >90
- L70 Lifetime:** ~50,000 hours

Optical System:

- A unique combination of reflective & refractive optical components achieves a uniform, comfortable look while eliminating pixelation & color fringing.
- Parts work in unison to optimize light distribution, balancing the high delivery of high illuminance levels on horizontal surfaces with an ideal amount of light on walls and vertical surfaces, increasing perception of spaciousness.
